Indah Island is synonymous with luxury living and has evolved along with the changing trends in the Hamptons aesthetics over the last 20 years witnessing the old and the new working famously together.

#### Founder Natalee Bowen

"I have selected a few pieces from our Indah Island range that capture the essence of a luxurious lifestyle, and items we have cultivated and positioned into our design projects. When selecting items for my wardrobe, I gravitate towards pieces that embody the essence of my Indah Island Brand – those that are both functional and luxurious, yet possess a timeless quality."
